

TITLE

Achieving Health for All People 2003-2008 – A Framework for Public Health Action for the New Zealand Health Strategy

AUTHOR/KEY PARTICIPANTS

Ministry of Health, public health service providers.

WEB ADDRESS

<http://www.moh.govt.nz/moh.nsf/238fd5fb4fd051844c256669006aed57/19acd5e5fbee1f08cc256dfc006dfde6?OpenDocument>

PURPOSE

To describe the public health sector's response to the New Zealand Health Strategy.

OBJECTIVES

- To achieve health for all people – Whakatutuki te oranga hauora mo ngā tangata katoa.
- To reduce health inequalities and improve overall health status through population and public health activities and the organised efforts of the whole of society.

KEY ACTIVITIES

- Strengthen public health leadership at all levels and across all sectors.
- Encourage effective public health through public health services and action across the whole health sector.
- Build healthy communities and healthy environments.
- Make better use of research and evaluation in developing public health policy and practice.
- Achieve measurable progress on public health outcomes.

TITLE

Bay of Plenty Civil Defence Emergency Management Group Plan 2005-2010

AUTHOR/KEY PARTICIPANTS

CDEM Group and strategic partners.

WEB ADDRESS

<http://www.envbop.govt.nz/CD/CDEM-Group-Plan.asp>

PURPOSE

To assist in developing the general public's understanding of the hazard risks facing the community, and address the emergency management processes being undertaken and the community's role in achieving self-reliance.

OBJECTIVES

- A community that is aware of hazards and that participates in civil defence and emergency management.
- Partnerships and improved co-ordination provide cost effective and efficient emergency management.
- Life, communities, infrastructure and the natural environment are at minimal risk from the adverse effects of hazards.
- The Bay of Plenty's emergency management capability is always able to efficiently respond to disasters and can ensure community recovery from hazard events.

KEY ACTIVITIES

- Research current levels of household and business risk, awareness, self-efficacy and knowledge of preparatory measures.
- Develop a public education strategy.
- Develop improved relationships with Māori communities.
- Review the integration of rural communities into CDEM activities.
- Focus hazard studies on collecting new information on priority hazards for the Region.
- Annual updates from local authorities on CDEM activities and progress.
- Develop detailed capabilities and emergency response protocols.
- Establish Bay of Plenty Lifelines Group.

TITLE

Bay of Plenty Local Government Triennial Agreement 2007-2010

AUTHOR/KEY PARTICIPANTS

All local authorities throughout the Bay of Plenty Region.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Triennial-Agreement.asp>

PURPOSE

To articulate the shared desire of local government throughout the Bay of Plenty Region to work collaboratively, to maximise efficiency and to promote well-being in their respective communities.

OBJECTIVES

- Local authorities working together to promote the well-being of their communities.
- Improved communication and co-ordination at all levels of local government in the Bay of Plenty Region.

KEY ACTIVITIES

- Joint approaches to engaging Government agencies and other organisations.
- Joint approaches to identifying, monitoring and reporting on progress toward community outcomes.
- Promote communication and co-operation amongst the local authorities in the Region.

TITLE

BayTrust Strategic Plan 2007-2010

AUTHOR/KEY PARTICIPANTS

BayTrust, Bay of Plenty regional communities.

WEB ADDRESS

[http://baytrust.org.nz/index.php/about\\_the\\_trust/strategic\\_plan](http://baytrust.org.nz/index.php/about_the_trust/strategic_plan)

PURPOSE

To describe the outcomes sought and strategies to be used by BayTrust over the period 2007 to 2010.

OBJECTIVE

- Building, strengthening and enhancing Bay of Plenty communities.

KEY ACTIVITIES

- Financial management.
- Community investment/development.
- Community relationships.

TITLE

Building on Strengths 2002-2007 – A Mental Health Promotion Strategy

AUTHOR/KEY PARTICIPANTS

Ministry of Health, mental health service providers.

WEB ADDRESS

<http://www.moh.govt.nz/moh.nsf/49ba80c00757b8804c256673001d47d0/4a305bd9534765ffcc256cbc0010a6a5?OpenDocument>

PURPOSE

To provide a framework for mental health promotion activity that can be used by the health sector as well as government sectors, community groups and local government.

OBJECTIVE

- To achieve maximum levels of positive mental health and well-being.

KEY ACTIVITIES

- Reorient health services to reduce inequalities between socioeconomic groups.
- Strengthen community action in mental health promotion activity and create opportunities for improving access to mental health promotion services.
- Create safe and supportive environments through alliances that foster health promoting, supportive environments in cities, communities, workplaces, schools and homes.
- Develop personal skills by emphasising mental health protective factors such as resiliency, social support and life skills development.
- Build healthy public policy through improved research and evaluation to identify and address mental health promotion needs.

TITLE

Care and Protection Blueprint 2003

AUTHOR/KEY PARTICIPANTS

Ministry of Social Development, other agencies.

WEB ADDRESS

<http://www.msd.govt.nz/publications/care-protection-blueprint-2003/index.html>

PURPOSE

To provide a strategy for improving the way in which families, communities and government work together to meet the needs of children and young people who are suffering from, or at risk of, abuse and neglect.

OBJECTIVE

- Families, communities and government working together for the safety and wellbeing of children, young people and families.

KEY ACTIVITIES

- Develop Māori leadership of, and involvement in, the care and protection community.
- Engage Pacific and other ethnic communities in the planning and provision of care and protection services.
- Incorporate the views of children, young people and their families into planning and provision of care and protection services.
- Develop outcome measures for the care and protection community.
- Promote and enhance evaluation.
- Improve inter-agency co-ordination, collaboration and communication.
- Develop a government investment strategy for care and protection services.
- Address workforce issues.
- Review the role of Care and Protection Resource Panels.
- Identify and promote good practice.

TITLE

Career Services Statement of Intent 2007-2010

AUTHOR/KEY PARTICIPANTS

Career Services.

WEB ADDRESS

[http://www2.careers.govt.nz/statement\\_intent\\_2007-10.html](http://www2.careers.govt.nz/statement_intent_2007-10.html)

PURPOSE

To provide information on Career Services' strategic direction and strategies.

OBJECTIVE

- Maximise New Zealand's potential through quality work in life decisions.

KEY ACTIVITIES

- Establish Career Services as an influential leader for improved work in life decision making and a valued partner with critical stakeholders including government and communities.
- Forge new alliances with businesses, employers, and unions.
- Realign and re-shape services and resources to ensure that they are integrated and provide the full life context for work and learning decision making.
- Lead thinking, nationally and internationally, on the contributions of career services to social and economic outcomes.
- Increase the visibility and awareness of Career Services.
- Build internal capability that ensures effective delivery of work.

TITLE

Choosing Futures Waikato

AUTHOR/KEY PARTICIPANTS

Local authorities throughout the Waikato Region.

WEB ADDRESS

<http://www.choosingfutures.co.nz/>

PURPOSE

Choosing Futures Waikato is a partnership of local authority and Central Government planners from throughout the Waikato Region. It was established in 2003/04 to support a joint process of identifying Waikato regional community outcomes, monitoring and reporting progress toward the achievement of these outcomes by Waikato communities, and initiating discussions about how best to respond to this information.

OBJECTIVE

- To facilitate a joint approach to identifying, monitoring and responding to the Waikato regional community outcomes.

KEY ACTIVITIES

- Collaborative identification of Waikato regional community outcomes.
- Publication of statistical monitoring information on progress toward achieving the Waikato regional community outcomes.
- Collaborative survey of residents from throughout the Waikato Region.
- Stakeholder Workshop July 2007 to discuss key issues facing communities across the Waikato Region.
- Currently working to collate a comprehensive list of all strategies, activities and interventions within the Waikato Region. It is anticipated the complete stock-take will be available on the website early 2008.

TITLE

COBoP – Community Outcomes Bay of Plenty

AUTHOR/KEY PARTICIPANTS

Government agencies and local authorities throughout the Bay of Plenty Region.

WEB ADDRESS

<http://www.envbop.govt.nz/CommunityOutcomes/COBoP.asp>

PURPOSE

COBoP is a partnership of local authority and Central Government managers from throughout the Bay of Plenty Region, established in late 2005 to support high quality inter-sectoral agency work in the Region.

OBJECTIVE

- To develop new ways for agencies to plan and work together.

KEY ACTIVITIES

Current sub-groups are based around:

- Economic transformation.
- Environmental well-being.
- Housing.
- Safe and healthy communities.

Each of the groups meets monthly and works toward a three year action plan. Current and recent projects include:

- Commissioning research on the state of the Bay of Plenty regional economy.
- Guiding the establishment of a regional sustainable development strategy.
- Hosting workshops on regional environmental well-being.
- Developing a long-term regional housing strategy.
- Commissioning research on housing needs of people with disabilities in the Region.
- Hosting forums on housing affordability in the coastal Bay of Plenty Region.
- Working alongside key stakeholders to develop a regional healthy homes strategy and to support funding applications for subsidised energy efficiency retrofitting.
- Commissioning a workplace wellness assessment of COBoP member agencies to support HEHA (Healthy Eating and Healthy Action).
- Promoting the World Health Organisation's Safe Community Accreditation to local authorities.
- Monitoring and reporting progress toward local and regional community outcomes.

TITLE

Conservation Management Strategy for Bay of Plenty 1997-2007

AUTHOR/KEY PARTICIPANTS

Department of Conservation, other stakeholders.

WEB ADDRESS

<http://www.doc.govt.nz/templates/MultiPageDocumentTOC.aspx?id=41494>

PURPOSE

To set out how a vision for conservation in the Bay of Plenty may be achieved.

OBJECTIVE

- A conservancy that values the conservation of natural and historic resources and the great wealth of nature in the Bay of Plenty, recognising that people are late arrivals, and as a result of human activities, many of the landscapes and ecosystems have been lost, significantly reduced, or modified.

KEY ACTIVITIES

- Use education programmes to increase awareness of issues relating to conservation.
- Maintain a register of lands administered by the Department.
- Use the Conservation Management Strategy to help determine conservancy priorities and activities of the annual business plan.

TITLE

Conservation with Communities Strategy 2003-2008

AUTHOR/KEY PARTICIPANTS

Department of Conservation, other stakeholders.

WEB ADDRESS

<http://www.doc.govt.nz/templates/MultiPageDocumentTOC.aspx?id=41514>

PURPOSE

Describes a strategy to improve the ability of the Department of Conservation to work with communities to achieve better conservation outcomes.

OBJECTIVE

- Improve DoC's ability to work with communities to achieve conservation outcomes.

KEY ACTIVITIES

- Build DoC's capability in relation to:
  - Workplace culture.
  - Working style.
  - Staff skills.
  - Integrating work.
- Understand communities and their interests in conservation in order to work more effectively with them.
- Build relationships to enable DoC to share conservation work and develop conservation commitment.
- Share conservation work through partnerships and opportunities for participation, and support communities to develop their skills and capability to do conservation work.
- Develop conservation commitment through awareness and education.

TITLE

Creative New Zealand Strategic Plan and Statement of Intent 2007-2010

AUTHOR/KEY PARTICIPANTS

Creative New Zealand, arts stakeholders.

WEB ADDRESS

<http://www.creativenz.govt.nz/resources/publications.html>

PURPOSE

To describe the intentions and objectives of Creative New Zealand for the period 2007 to 2010.

OBJECTIVE

- Value the contribution that New Zealand arts make to the economic, cultural and social well-being of New Zealand and serve as a catalyst for the development of a flourishing arts environment.

KEY ACTIVITIES

- Work with partners to build a stronger arts environment.
- Undertake research to better understand the New Zealand arts environment and Creative New Zealand's impact on it.
- Provide leadership and advocacy for the arts.
- Support artists to undertake arts projects, and offer residencies, fellowships and other special opportunities.
- Support a number of professional arts organisations on a recurrent basis.
- Provide national and international audiences with greater access to New Zealand arts.
- Recognise in the arts the role of Māori as tangata whenua.
- Invest funding and undertake initiatives to develop and support Pacific arts.
- Work to ensure the arts of ethnic communities in New Zealand are recognised and developed.

TITLE

Department of Conservation Visitor Strategy 2003

AUTHOR/KEY PARTICIPANTS

Department of Conservation.

WEB ADDRESS

<http://www.doc.govt.nz/templates/MultiPageDocumentTOC.aspx?id=41660>

PURPOSE

To guide DoC's planning and management for visitor services.

OBJECTIVES

- Significant gains in the protection of New Zealand's indigenous biological diversity and landscapes.
- Effective management of historic places in co-operation with the community and iwi, and significant gains in their conservation and appreciation.
- A good service to visitors, without compromising conservation.

KEY ACTIVITIES

- Protection of intrinsic natural and historic values.
- Fostering visits by the public.
- Managing tourism concessions on protected lands.
- Informing and educating visitors.
- Managing visitor safety, and risk management.

TITLE

Department of Internal Affairs Statement of Intent 2006-2009

AUTHOR/KEY PARTICIPANTS

Department of Internal Affairs.

WEB ADDRESS

[http://www.antispam.govt.nz/pubforms.nsf/URL/DIAStatementofIntent2006.pdf/\\$file/DIAStatementofIntent2006.pdf](http://www.antispam.govt.nz/pubforms.nsf/URL/DIAStatementofIntent2006.pdf/$file/DIAStatementofIntent2006.pdf)

PURPOSE

To describe the outcomes sought and activities undertaken by the Department of Internal Affairs.

OBJECTIVES

- The Department of Internal Affairs is a recognised leader in public service – known for innovation, essential to New Zealand, and trusted to deliver.
- The Department of Internal Affairs serves and connects citizens, communities and government to build a strong, safe nation.

KEY ACTIVITIES

- Managing the central government/local government interface.
- Civil defence and emergency management.
- Supporting ethnic diversity.
- Reviewing the nature and value of New Zealand citizenship.
- Identity management.

TITLE

Digital Strategy 2005-2010

AUTHOR/KEY PARTICIPANTS

Department of Internal Affairs, Ministry of Economic Development, wide range of government agencies and non-government organisations.

WEB ADDRESS

<http://www.digitalstrategy.govt.nz/>

PURPOSE

To describe the framework for creating a digital future for all New Zealanders, using the power of information and communications technology (ICT) to enhance all aspects of our lives.

OBJECTIVE

- Promote connection, confidence and content in the use of ICT.

KEY ACTIVITIES

- Broadband Challenge – Contestable fund to enable affordable broadband roll-out based on competitive open-access principles.
- Community Partnership Fund – Contestable fund to support grassroots initiatives that will build ICT skills in communities and regions, and help create distinctive New Zealand content.
- Promote increased competition in New Zealand's telecommunications market, including unbundling of the local loop through legislation and negotiation.
- Standardisation of formats for Government website content.
- A wide range of other initiatives.

TITLE

Drivewise Rotorua Strategic Plan 2007

AUTHOR/KEY PARTICIPANTS

Drivewise Rotorua Trust, Rotorua District Council.

WEB ADDRESS

<http://www.rdc.govt.nz/Our+Services/Road+Safety/Drivewise.htm>

PURPOSE

To describe the vision, mission and action plans of the Drivewise Rotorua Trust.

OBJECTIVE

- To provide leadership, expertise and co-ordination towards the achievement of zero road trauma in the Rotorua District.

KEY ACTIVITIES

- Prioritise initiatives to reduce road trauma experienced by Māori and Pacific peoples.
- Establish partnerships with appropriate organisations.
- Endeavour to ensure that the Rotorua District has adequate funding to address its road safety issues.
- Encourage and support community groups to implement their own road safety projects.
- Maximise the benefits of Rotorua District road safety initiatives by assisting in the coordination of projects.
- Build strong networks so that expertise and experience are accessible for all initiatives.
- Monitor compliance rates to help identify road safety issues and the means to address them.
- Put forward and lead if necessary new ideas for road safety in the Rotorua District.
- Provide strong leadership to influence road safety policy and initiatives at local, regional and national levels.
- Promote public debate.
- Ensure Drivewise Trustees are truly representative of the Rotorua community, with the skills and expertise required to address Drivewise goals.
- As opportunities arise, act to reduce and prevent harm due to the use and abuse of alcohol, drugs and other substances.

TITLE

Environment 2010 Strategy (1994)

AUTHOR/KEY PARTICIPANTS

Ministry for the Environment and other agencies.

WEB ADDRESS

<http://www.cyberplace.org.nz/environment/env2010.html>

PURPOSE

To outline nine serious environmental issues which need to be dealt with if New Zealand is to justify its claim to be a "clean green" country.

OBJECTIVE

- A "clean green" New Zealand.

KEY ACTIVITIES

- Protecting indigenous habitats and biological diversity.
- Managing pests, weeds and diseases.
- Managing pollution, waste and hazardous substances.
- Managing land resources.
- Managing New Zealand's water resources.
- Sustainable fisheries.
- Managing the environmental impacts of energy services.
- Responding to the risk of climate change.
- Restoring the ozone layer.

TITLE

Environment BOP Draft Policy on Regional Parks

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

Not available.

PURPOSE

To provide a framework that sets out strategic goals for regional parks in the Bay of Plenty, and to provide a structure for dealing with specific regional park acquisition and management decisions.

OBJECTIVE

- An integrated system of public open space that provides for continued access to, and enjoyment of, the unique characteristics of the Bay of Plenty Region, by present and future generations.

KEY ACTIVITIES

- Engage in partnerships with other agencies and tangata whenua for the provision of regional parks and integrated management of open space.
- Assess proposals for regional parks.
- Consider options for securing a public interest in land and for regional park funding.
- Promote a range of opportunities for people, communities and organisations to be involved in and make use of regional parks.
- Develop management plans for all regional parks.
- Aim to ensure access to a full range of values and facilities within parks, while providing for the protection of heritage values, and public health and safety.
- Develop a monitoring programme for all regional parks.

TITLE

Environment BOP Long-Term Council Community Plan (LTCCP) 2006-2016

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Ten-Year-Plan.asp>

PURPOSE

To describe the outcomes sought and activities undertaken by Environment BOP over the coming ten year period.

OBJECTIVES

- To enable democratic local decision-making and action by and on behalf of Bay of Plenty Region communities.
- To promote the social, economic, environmental and cultural wellbeing of Bay of Plenty Region communities.

KEY ACTIVITIES (“GROUPS OF ACTIVITIES”)

- Governance.
- Community partnerships.
- Natural resource management.
- Heritage and parks.
- Development.
- Transport.
- Flood control and drainage.
- Biosecurity.
- Hazard management.

TITLE

Environment BOP Regional Air Plan 2003-2013

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Regional-Air-Plan.asp>

PURPOSE

To manage the discharge of contaminants into air to protect the region's generally high ambient air quality from adverse effects and enable people and communities to provide for their well-being.

OBJECTIVES

- Maintain and protect high air quality in the Bay of Plenty region and in instances or areas where air quality is degraded, to enhance it by specifically addressing discharges into air of gases, particulates, chemicals, agrichemicals, combustion and odour.
- Avoid, remedy or mitigate the adverse effects of all discharges of contaminants into air on the environment which includes the effects on: ecosystems, human health and safety, crops and livestock, amenity values, cultural values, the mauri of natural and physical resources and the global environment.
- The community achieves a high level of awareness of the adverse effects on the environment of discharges of contaminants into air.
- Provide for activities that have predictable and minor effects on the environment as permitted activities subject to compliance with conditions designed to ensure that the effects are avoided, remedied or mitigated.

KEY ACTIVITIES

- Education.
- Advocacy.
- Land use planning.
- Air monitoring.
- Rules.

TITLE

Environment BOP Proposed Regional Water and Land Plan 2007-2017

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Proposed-Regional-Water-and-Land-Plan.asp>

PURPOSE

To assist Environment BOP to carry out its functions with respect to water and land resources.

OBJECTIVE

- To promote sustainable management of natural and physical resources as per the Resource Management Act 1991.

KEY ACTIVITIES

- Control the adverse effects of activities on the environment.
- Establish environmental standards for water and land resources.
- Integrated management of land and water resources.
- Maintain soil health, intactness and slop stability.
- Maintain existing high quality surface and groundwater.
- Enhance degraded surface water to standards that reflect community expectations to swim and fish in rivers and lakes.
- Enhance degraded groundwater quality where this is cost-effective and practicable.
- Protect the ecological, cultural, recreational, intrinsic and amenity values of surface water bodies.
- Ensure instream minimum flow requirements are maintained in rivers and streams.
- Sustain geothermal resources.

TITLE

Environment BOP Regional Land Management Plan 2002-2012

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Regional-Land-Management-Plan.asp>

PURPOSE

To assist Environment BOP to carry out its functions with respect to land resources.

OBJECTIVE

- To promote sustainable management of natural and physical resources as per the Resource Management Act 1991.

KEY ACTIVITIES

- Use a combination of promotion, regulation and monitoring to achieve sustainable land management.
- Undertake performance monitoring of this plan to ensure that its objectives and policies are being met.
- Use mechanisms such as education, community involvement, the provision of incentives, and the promotion of covenants as appropriate, to achieve the purpose of this plan.

TITLE

Environment BOP Regional Land Transport Strategy 2007-2017

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Regional-Land-Transport-Strategy.asp>

PURPOSE

To provide direction for the future development of land transport in the Bay of Plenty, to help meet the requirements of the Land Transport Management Act and determine and secure funding for implementing transportation infrastructure.

OBJECTIVE

- An integrated, safe, sustainable land transport system that meets the current and developing needs of the people of a vibrant and growing region.

KEY ACTIVITIES

- Traffic demand management.
- Investment in transport infrastructure and services.
- Implementation and monitoring.

TITLE

Environment BOP Regional Passenger Transport Plan 2006

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Regional-Passenger-Transport-Plan.asp>

PURPOSE

To specify the passenger transport services that Environment Bay of Plenty will support.

OBJECTIVES

- To identify the need for public passenger transport in the region and encourage the provision and use of appropriate urban services, as an alternative to the use of private motor vehicles.
- To promote the use of public passenger transport services on environmental, social equity and traffic congestion grounds.

KEY ACTIVITIES

- Bus services.
- Transport services for people with disabilities.

TITLE

Environment BOP Regional Pest Management Strategy 2003

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

Not available.

PURPOSE

To provide for the efficient and effective assessment, management and/or eradication of pest plants and pest animals in the Bay of Plenty region.

OBJECTIVES

- Reduced density and extent of pests, and eradication where practicable.
- Effective controls on sale and spread of pests.
- Increased public awareness of pests and the need for pest control.
- Effective pest management co-ordination between Environment BOP and neighbouring regions and central government agencies.

KEY ACTIVITIES

- Wherever possible in the first instance work with those responsible for pest management, including land occupiers, to resolve pest management issues.
- Undertake monitoring and investigations, publicity and education, and support approved community management initiatives.
- Use enforcement after reasonable consultative efforts have failed, unless urgency requires otherwise.

TITLE

Environment BOP Regional Policy Statement 1999

AUTHOR/KEY PARTICIPANTS

Environment BOP, district councils.

WEB ADDRESS

<http://www.envbop.govt.nz/Publications/Regional-Policy-Statement.asp>

PURPOSE

To provide an overview of the resource management issues of the region and policies and methods to achieve integrated management of the natural and physical resources of the whole region.

OBJECTIVE

- To promote sustainable management of natural and physical resources as per the Resource Management Act 1991.

KEY ACTIVITIES

- Monitor environmental effects.
- Limit or control the use of resources.
- Work together with district councils in the region.

TITLE

Environment BOP Regional Waste Strategy 2004-2010

AUTHOR/KEY PARTICIPANTS

Environment BOP, district councils and other stakeholders.

WEB ADDRESS

<http://www.envbop.govt.nz/media/pdf/waste%20management%20strategy.pdf>

PURPOSE

To present a regional position on managing waste, hazardous substances, hazardous waste and contaminated sites in the Bay of Plenty.

OBJECTIVE

- Zero waste and a sustainable Bay of Plenty.

KEY ACTIVITIES

- Waste minimisation programmes.
- Cleaner production programme including a small number of hazardous substance audits on selected businesses and industries.
- Provide a collection service for unwanted hazardous agricultural chemicals.
- Identify, manage and remediate contaminated sites and hazardous activities.
- Ensure local authority funding policies provide that full cost recovery can be achieved for all waste treatment and disposal processes.
- Monitor and review progress.

TITLE

Environment BOP Rotorua Geothermal Regional Plan 1999-2004

AUTHOR/KEY PARTICIPANTS

Environment BOP.

WEB ADDRESS

<http://www.envbop.govt.nz/Rotorua-Geothermal-Regional-Plan.asp>

PURPOSE

To promote the integrated and sustainable management of the Rotorua geothermal resource with all other resources in the Rotorua environment.

OBJECTIVE

- Protect geothermal surface features.
- Protect tikanga Māori.
- Identify and, as practicable, enhance available geothermal resource.
- Provide for the allocation of that resource for present and future efficient use.
- Manage and control all adverse effects on the field.
- Provide for efficient cost effective administration.

KEY ACTIVITIES

- Understand the Rotorua geothermal resource.
- Sustain the Rotorua geothermal resource.
- Protect surface activities and features.
- Quantify available resource.
- Protect authorised users and manage unauthorised users.
- Equate allocation to use.
- Monitor and review.

TITLE

Environment Waikato Long-Term Council Community Plan (LTCCP) 2006-2016

AUTHOR/KEY PARTICIPANTS

Environment Waikato.

WEB ADDRESS

<http://www.ew.govt.nz/policyandplans/annualplan/index.htm>

PURPOSE

To describe the outcomes sought and activities undertaken by Environment Waikato over the coming ten year period.

OBJECTIVES

- To enable democratic local decision-making and action by and on behalf of Bay of Plenty Region communities.
- To promote the social, economic, environmental and cultural wellbeing of Bay of Plenty Region communities.

KEY ACTIVITIES (“GROUPS OF ACTIVITIES”)

- Air.
- Biodiversity.
- Biosecurity.
- Coastal.
- Geothermal.
- Governance and participation.
- Inland waters.
- Land and soil.
- Navigation safety.
- Regional hazards and emergency management.
- Regional policy development and regulatory services.
- River and catchment systems.
- Transport.
- Waste, pollution prevention and contaminated land.

TITLE

Environment Waikato Volcanic Risk Mitigation Plan 1999

AUTHOR/KEY PARTICIPANTS

Environment Waikato.

WEB ADDRESS

<http://www.ew.govt.nz/policyandplans/riskplan/riskvolcano.htm>

PURPOSE

To achieve the natural hazards objectives of the Waikato Regional Policy Statement, to meet other legislative and international agreement requirements, and to integrate Environment Waikato's activities with other organisations and assist them to achieve their organisation and professional responsibilities.

OBJECTIVE

- To recommend suitable mitigation options that will minimise the adverse effects of future volcanic activity on the regional community.

KEY ACTIVITIES

- Recognise the primacy of the Resource Management Act 1991.
- Promote a strategy of avoidance rather than mitigation.
- Ensure information is readily available.

TITLE

Getting there – on foot, by cycle: Strategic Implementation Plan 2006-2009

AUTHOR/KEY PARTICIPANTS

Ministry of Transport and other agencies.

WEB ADDRESS

<http://www.transport.govt.nz/getting-there-index/>

PURPOSE

To set out a strategy to encourage more people to walk and cycle more often as part of their transport mix.

OBJECTIVES

- A New Zealand where people from all sectors of the community walk and cycle for transport and enjoyment.
- Communities that are more walk and cycle friendly.
- More people choosing to walk and cycle, more often.
- Improved safety for pedestrians and cyclists.

KEY ACTIVITIES

- Research, monitoring and evaluation.
- Transport sector alignment review.
- Decision maker communication.
- Information centre.
- Workforce development.
- Walking and cycling Model Communities.
- Road Controlling Authority benchmarking.
- Strengthening user groups' networks.
- Long-distance cycle networks investigation.
- Expansion of road user training and education related to pedestrians and cyclists.

TITLE

Geyser Community Foundation Deed 2007

AUTHOR/KEY PARTICIPANTS

Geyser Community Foundation, financial advisors, Rotorua corporate and private philanthropists, Rotorua community organisations.

WEB ADDRESS

<http://www.geysercommunityfoundation.co.nz/>

PURPOSE

To describe the purpose and roles of the Geyser Community Foundation.

OBJECTIVES

- To promote and support charitable giving towards community organisations and for any Charitable Purpose.
- The Board will accept grants, donations and bequests and administer these in accordance with the directions of the donors.

KEY ACTIVITIES

- Develop a Marketing Strategy.
- Initiate fund-raising.
- Financial management.
- Community investment/development.
- Community relationships.

TITLE

Good Oral Health, for All, for Life 2006-2016 – The Strategic Vision for Oral Health in New Zealand

AUTHOR/KEY PARTICIPANTS

Ministry of Health, School Dental Service, Community Oral Health Service, District Health Boards, Māori and Pacific health service providers, primary health organisations, dentists, other agencies.

WEB ADDRESS

<http://www.moh.govt.nz/moh.nsf/by+unid/229C4904287A71EDCC2571D3007BE4BE?Open>

PURPOSE

To describe the Ministry of health's vision for improved oral health in New Zealand.

OBJECTIVES

- Good oral health for all, for life.
- High-quality oral health services that promote, improve, maintain and restore good oral health, and that are proactive in addressing the needs of those at greatest risk of poor oral health.

KEY ACTIVITIES

- Re-orient child and adolescent oral health services.
- Reduce inequalities in oral health outcomes and access to oral health services.
- Promote oral health.
- Build links with primary health care.
- Build the oral health workforce.
- Develop oral health policy.
- Research, monitoring and evaluation.
